About SupplyBay:

SupplyBay is the solution for vending with absolute control in the harsh industrial environment. Featuring integrated touchscreen control and state of the art electronics, SupplyBay delivers the reliability your supply chain needs.

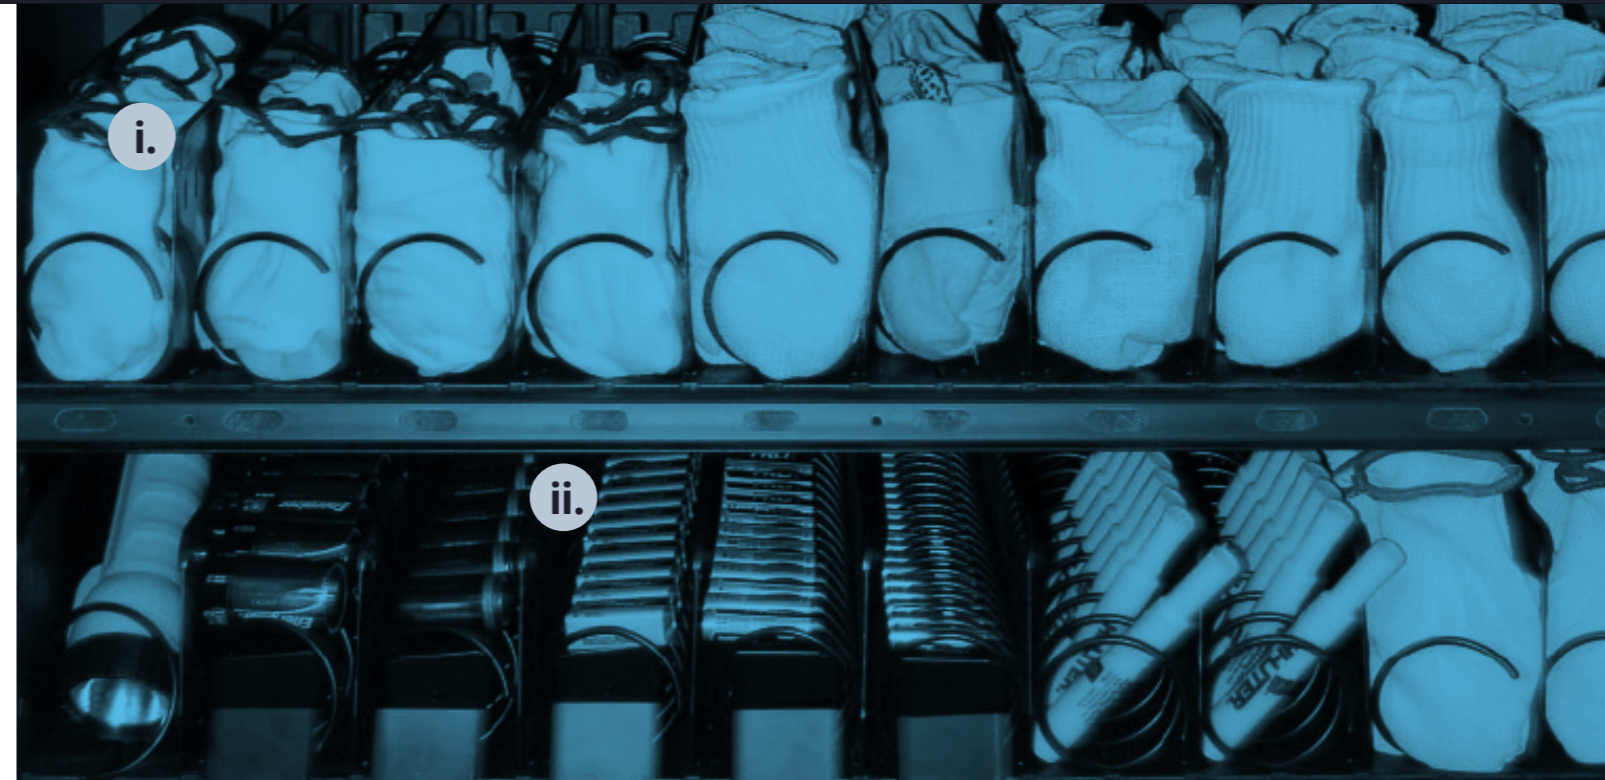

SupplyBay as an auxiliary unit

From its compact backlit touchscreen interface, SupplyBay offers the full range of user and administrative capabilities from SupplyPro.

SupplyBay requires only a power supply and a network connection for full connectivity to the cloud based SupplyPort database.

Monitor the activity, stock levels and alerts at your device from anywhere, 24 hours a day.

Specifications:

i. High capacity storage of essential PPE and MRO

ii. Dispense aids for reliable vending & efficient refilling

- ⚙️ Average capacity: 324 - 400 pieces
- ⚙️ Maximum 70 SKUs (stockkeeping units), average 35 SKUs
- ⚙️ Maximum weight per tray: 45kg
- ⚙️ 20 helix configurations
- ⚙️ 10 dispense aids to accommodate diverse products e.g. batteries
- ⚙️ Industrial steel casing
- ⚙️ Large lexan clear or solid steel door option for added security
- ⚙️ Wrap around LED lighting for easy product inspection and selection
- ⚙️ Easily reconfigurable - no tools required
- ⚙️ Patented multiple motor rotation guarantees successful dispensing of larger items.

Absolute Control: means no single item leaves the vending machine unaccounted for.

Connect to other SupplyPro devices: As a stand alone unit or as part of a custom vending solution with other SupplyPro devices, SupplyBay provides full usage audit trails.

Tooling Intelligence provides innovative inventory management solutions to organisations and industries across the United Kingdom and Europe.

We are experienced in providing state-of-the-art inventory management technology to our customers. We were founded in 2006 by a team of engineering experts and business specialists, who had the vision to combine cutting-edge solutions with premium customer service. We work with partners across numerous sectors, including aerospace, medical, precision engineering, oil and gas and many more.

Cutting-edge products

We have a broad range of products in our portfolio. Whether you are looking for a mobile inventory management solution for your on-the-go teams or a heavy-duty dispensing unit with complete visibility, you'll find something to suit your requirements with us.

Browse our website to learn more about our products or contact our experienced team for more information.

Access ongoing support

We know that the journey doesn't end once the installation is complete. We pride ourselves on our level of service, making sure you receive the support you need throughout the process. Whether you want to expand your existing inventory management solution or need technical help, our service team are always on hand to assist you.

Personalised service

We are an independent business, which means we always provide a high-quality, personalised service to our clients.

From the very start of your project, we work closely with you to find the right inventory management solution for your application. Our products are customisable too, which means we can help you design and create the ideal technology that meets your exact requirements.

Visit our centre

We understand that the best way to appreciate our products is to see them in action. That's why we invite our customers to our specialist Demonstration Centre to see the full potential of the solution in person.

Here, you can browse the full SupplyPro product range, as well as our service and support tools. You will have the opportunity to meet our knowledgeable team too.
